

THE RESOURCE

40 years of gospel ministry

As a pastor, preacher, innovator, essayist, author and social commentator God has used Phillip's Bible teaching to have lasting impact on countless individuals and through major organisations in Australia and worldwide.

While Phillip's church ministry involved 40 years as chaplain at UNSW leading the University Church and St Matthias' group of churches, and at St Andrew's Cathedral, he was freed up to undertake itinerant speaking ministries. This has included university missions, clergy conferences, student training conferences and church planting conferences both nationally and internationally, producing thousands of talks and articles.

INVESTING IN THE GOSPEL

NOW AND INTO THE FUTURE

phillipjensen.com

THE OPPORTUNITY

for Today

The website phillipjensen.com is a growing body of resources used in 151 countries around the world.

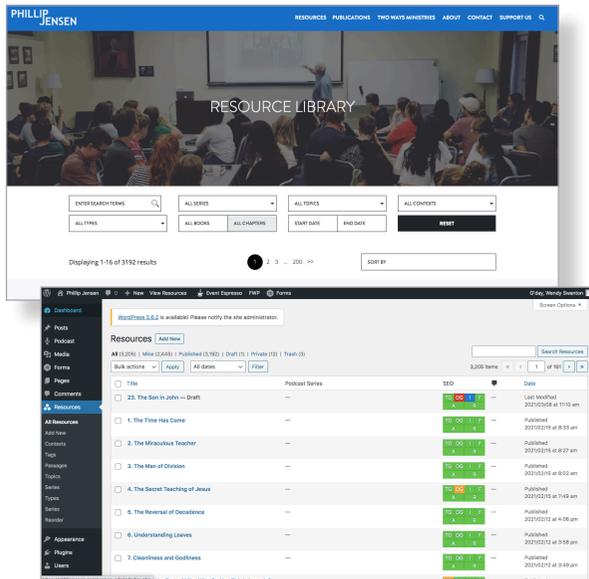

If you haven't consulted the site recently, please have a look <https://phillipjensen.com/resources/>

If you have consulted it, or listened to talks on the site, you know their value in challenging us with the gospel of Jesus as Phillip teaches the Bible.

Although the site has over 3,100 resources there are still another 1,000 or so that involve work. So we have a twofold aim:

Phase 1 – complete the current work of editing, uploading or replacing resources.

Phase 2 – develop a strategic Social Media Program to push the material out to the wider world. This will involve social media, podcast and email communication.

Now is the moment to finish Phase 1 and commence Phase 2 because we have two strategic resources:

- A key person (Lauren Drysdale*) has become available, because of the pandemic, so we have the right person at the right time who has both started Phase 1 and begun preparing for Phase 2.
- A donation was given in 2020 which we are able to use to kick-start the work.

We now need the finances to continue to grow this ministry and to complete Phase 1 and spearhead Phase 2.

*Lauren Drysdale (initially funded by TWM for 3 months)

- completed the Moore College Diploma Bible, Ministry and Mission in 2019
- worked as a long-haul Qantas pilot 2017-2020
- currently studying Moore College 1st Year Greek
- currently studying a Masters of Primary Education

THE OPPORTUNITY

with Future Generations

Here, and now, is the opportunity to push the gospel out to the world, delivered through Phillip's distinctive mind and preaching.

Financial Need for Phase 1

It is estimated that the work to complete the website will cost \$25,000.

Financial Need for Phase 2

The Social Media Program will involve a two day per week job and will cost \$30,000, plus additional graphic design costs.
